For the love of science

Science is a method of engaging with, and trying to understand, the world. Professor Tim Flannery says if a child is interested in pursuing science, encourage them to develop persistence and humility – the idea that they won’t always be right.

Darlington Aftercare Association INC
Annual General Meeting
This Tuesday 2nd December in aftercare at 6.15pm

Darlington Aftercare Association is a volunteer parent run association. If your child is enrolled in aftercare you are entitled to run for a position on the board and/or vote for the board members. We are happy to welcome new members who are vital for the continued running of the service. This year we are saying a sad goodbye to two long standing members. Simone Hawkins, who has chaired the committee for a six years, and James Brierley, who has held the positions of treasurer and general member. We wish them all the best as their children enter high school next year. If you are interested in getting involved please come along to the meeting or talk to Karlie as to how you can contribute in the future.

Have a great week and remember:
